PROJECT NAME : Global Sales Data Analytics

- You must connect your data to IBM Cognos before you can create a view and perform any analysis. Cognos allows users to connect to a large range of data that is kept in many locations.
- The information may be kept on your computer in a spreadsheet or text file, or it may be kept on a server at your company in a big data, relational, or cube (multidimensional) database.
- In this instance, we'll do our analysis utilizing a spreadsheet or text file.

UPLOAD DATA

The screenshot shows the IBM Cognos Analytics with Watson interface. The top navigation bar includes a menu icon, the text "IBM Cognos Analytics with Watson", a notification badge with the number 3, a search bar labeled "Search content", and user profile icons. Below the navigation bar, there are four main sections: "Upload data" (Upload or drag and drop spreadsheets, csv files, and other data sources.), "Prepare data" (Use data modules to clean and connect data from multiple resources.), "Exploration" (Quickly find unbiased answers by identifying trends in your data with d...), and "Present data" (Create sophisticated, multi-page, multi-query dashboards, reports, or st...). Below these sections, there are two tabs: "Get started" and "Recent". The "Recent" tab is active, showing a list of items. A blue bar at the top of the list indicates "1 item selected". The list contains three items: "Global_Superstore2.csv" (Last Accessed: 18/10/2022, 9:18 AM), "New dashboard" (Last Accessed: 27/09/2022, 11:20 AM), and "Pharma_Monthly_Sales.csv" (Last Accessed: 27/09/2022, 10:31 AM). Each item has a "CSV" icon and an upward arrow icon.

PREPARE DATASET

The screenshot shows the "Select sources" dialog box. The title bar says "Select sources" with a close button (X). The main area is titled "My content" and contains a search bar with the placeholder text "Type any text to filter items in this folder". Below the search bar, there is a list of items: "50_Startups.csv" (25/09/2022, 7:44 AM), "Global_Superstore2.csv" (18/10/2022, 9:18 AM), "New dashboard" (27/09/2022, 11:20 AM), "Pharma_Monthly_Sales.csv" (27/09/2022, 10:31 AM), and "r and s" (25/09/2022, 8:39 AM). On the right side, there is a "Filter by" section with a "Reset filters" link. Under "Type", there are checkboxes for "Folders", "Packages", "Files", "Data sets", and "Modules". Under "Modified", there are radio buttons for "All" (selected), "Today", "Yesterday", "Past week", and "Past month".
